Traditional medicine interven	ention to C	ovid-19 pand	demic								-							
1. Compile a compendium of plants and		Data collection	Product development (Designing, formulation and evaluation)	Product development (Designing, formulation and evaluation)	Report writing	Report writing												
	Developing concept Note	Data collection	Data collection	Data collection	Efficacy testing	Efficacy testing	Efficacy testing	Report Writing										
3. Identify already licensed African herbal products for immune modulation, antiviral protection and respiratory system support and evaluate clinical efficancy against COVID 19, Lassa fever and Ebola. Determine, establish and codify Afrostandard for herbal extracts, products and derived supplements which meets or exceeds international standards) (Short term Goals).	Developing concept Note	Developing list of licensed products	Selection of Clinical Trial Centres	Clinical trials	Clinical trials	Report writing												
Posting community pr 1. Identify selected antiseptic plants/fungi with disinfectant properties to produce disinfectants for hand washes and sanitizers, antiseptic gels, mouthrinse and fumigants; standardization for manufacturers of hand sanitizers taking in to consideration production from locally available materials in Africa (from Africa's unique bio-cultural diversity) efficacy, safety, and availability (short term goals)	Developing	Plant	S Covid-1. Developement of standards	9 pander Sanitiser testing	nic Sanitiser manfucturing	Sanitiser manufacturing	Report writing											

Produce standard operating procedures (SoPs) for the production, efficacy, safety and quality control for the use of hand sanitizers in Africa. Hand sanitizers production that have broad spectrum for DNA and RNA viruses (SOPs and usage and safety) (Long term Goals)	Developing concept Note	Plant identification and selection	Developement of standards	Developement of standards	Sanitiser testing	Sanitiser testing	Sanitiser manfucturing	Sanitiser manufacturing	Sanitiser manfucturin g	Sanitiser manufactur ing		Report writing				
Propose a community strategic guideline for prevention of COVID 19 as well as Lassa and Ebola in rural and semi urban Africa (Short term goals		Data collection on Covid prevention	Data collection on Lassa prevention	Data collection on Ebola prevention	Report writing on strategic guidelines	Report writing on strategic guidelines										
 Work out the production of simple face masks with the precise filter size with appropriate filter size for filtration of COVID 19 (Long term goals) 	concept Note	Data collection on Covid 19 optimum filter	on Covid 19											Report writing		
 Screen the selected antiviral plants visa -a- vis- standard controls against COVID 19 using proxy models and rur randomized control clinical trials or extracts and products found to be effective in vitro (Long Term Goals) 	concept Note	Screening p	lants for antiviral a	activity against C	oronaviruses	Testing of se	elected plants on ir	in vtro and anima	al models			Running	clinical trials		Report writing	Report writing
6. Develop unique afro centric policy brief and policy guideline for the integration model for integrated hospitals in Africa that combine Orthodox and Complementary medicine (Long term goals)	Developing concept Note	Data collection using questionnaires and workshops on Afrocentric policy on use of Complimentray medicines in hospital settings Policy development of use of Complimentray medicines in hospitals										pitals	Final report collation			

Members of the Working Group will be responsible for specific tasks
